Organization Profile

RDÉE TNL (the Francophone Economic Development Network) is a non-profit organization that stimulates economic and community development through French. We believe in the power of minority contributions and partnerships which can lead economic development across Newfoundland and Labrador. RDÉE TNL's services and initiatives focus on the following sectors:

- Economic Immigration
- Employability/Recruitment
- Entrepreneurship
- Tourism

RDÉE TNL Clients

Our clients are Francophone and French-speaking individuals from all over the world! We help both Canadians and newcomers with work and study permits to find work in Newfoundland. We direct clients who have yet to obtain a permit to official resources and certified federal and/or provincial immigration agents.

Destination Canada & National Job Fairs

RDÉE TNL officers travel to job fairs and events across Canada, as well as internationally, to promote what Newfoundland and Labrador has to offer newcomers with respect to job opportunities. To accomplish this, we promote the immigration of qualified candidates to employers within the province.

Virtual Job Fairs

RDÉE TNL has responded to the recent global transition to virtual platforms and COVID-19 restrictions by successfully hosting Virtual Job Fairs via videoconferencing. This format allows several job candidates to interact with employers in one-on-one discussions about their business and job openings. Partnering up with organizations such as the *St. John's Board of Trade* and *AXIS Career Services* has allowed us to successfully meet the hiring needs of employers by connecting them to qualified candidates with corresponding profiles.

Employment Preparation

We currently offer the following services to prepare our clients for employment: resume and cover letter assistance, mock interviews, job searches, and Virtual Job Fairs. We are currently receiving training from *ABC Life Literacy* so that we can deliver their programming to our clients, specifically workshops in the *UP Skills for Work* and *Money Matters* series.
